> She Owns 134 Acres, Which Is Now Leased-Premium List Increased to \$25,000.

The State Board of Agriculture met yesterday to make plans for the state fair to be held this year. One of the first acts was the adoption of a resolution to bring suit against Mrs. Mary Smith to compel her to sell 134 acres of land inside the present fair grounds that she owns. The board leased seven years ago. The board offers to pay cash for the land at \$300 an acre. Mrs. Smith, in addition to this offer, demands about \$2,000 in rent due, she says, since last March. This latter item the

board denies. After the board had given orders for the filing of this suit it set about to arrange the premium list for the fair. Secretary Downing yesterday said the board had agreed to increase the list this year in order could be secured. The extra amount of Rogers estate, which gives it control of of the best known of this painter's work. The board also jamin Norton. decided to engage Sousa's band for two days during the week. The members of the board are very anxious to have the band play here on Thursday and Friday nights of fair week.

The Old Rail Fence.

It roves the farm all over With awkward-stepping feet, Here close beside the clover, There just beyond the wheat. Along the fallow fragrant

r woodland ways it makes. And many a sylvan vagrant As boon companion takes. It loves the woodbine tangles, Invites the milkweed pod-And all its sunny angles

Laugh out in goldenrod. Beneath the creviced riter The cricket shrills close hid, And from the stake beside her Complains the katydid. The squirrel is its lover, And unafraid and fond

Are bobolink and plover Of the genial vagabond. Of all around, above it, It has the confidence, And man and nature love it-The homely old rail fence.

PHENOMENAL INCREASE IN ITS PA-CIFIC COAST BUSINESS.

Western and Central Traffic Association Lines Fail to Agree on Pas-

senger Rate Division.

Paul Morton, first vice president of the Atchison, Topeka & Santa Fe, was in Indianapolis a short time yesterday, en route from New York to his headquarters. In conversation he spoke very enthusiastically concerning the business of the lines he represents and their future. He says the travel to the Pacific coast from year to year has become phenomenal, each year showing a large increase over the previous one, and this year promises to eclipse all former records of travel to California and the Grand Canyon. The latter is fast becoming an interesting country to visit. The present year the Federation of Women, the Shriners, the Knights of Pythias and the Independent Order of Foresters will hold their annual conventions in California, and New York and Pennsylvania streets. The Rev. in arranging the trip expect to visit the Grand Canyon. The increase in pleasure travel has been as remarkable as in any and reception to new members. B. Y. P. U., 6:30 p. m. Services at 7:30. Pastor's topic, "The Opening of Lydia's Heart." Music by quartet are moving to Los Angeles and other cities in California, and the passenger business of the line has a bright future. Mr. Morton says freight traffic on the Santa Fe has kept full pace with passenger business, not only in transcontinental traffic, but in its business to the Southwest, and he thinks the road has a very promising future as to its freight business.

To Adopt Uniform Rates.

The New York Commercial Advertiser said yesterday: "An agreement binding the various transatlantic lines plying between form minimum freight rate on grain and provisions was signed yesterday by the representatives of the various steamship lines interested. The freight rates are increased per bushel of sixty pounds, and the minimum rate on provisions at 10 shillings per ton of 2,240 pounds, increasing the grain Illinois streets. Rev. Lewis Brown, Ph. D., rate 331-3 per cent. and the provision rate 10 per cent. No maximum rate has been fixed. The lines included in the agreement are the White Star, the Cunard, the Atlantic Transport, the International Navigation, the Leyland, the Dominion line, the Philadelphia line, the Lamport & Holt line, the Wilson line, the Chesapeake & folk. At the offices of the Chesapeake & Ohio Steamship Company it was said that lines to Manchester, Hull and other English ports were also in the agreement. It was learned that the passenger rates under discussion contemplate a minimum of \$60 for winter travel. The same lines that have derstood, sign the passenger rate agreement, Negotiations over the passenger rate are in progress with the continental lines which have been left out of the freight agree-

New Line to California, The Chicago, Rock Island & Pacific's new line to El Paso, placing Kansas City nearer to Mexico and California, was completed 6:30 p. m. Midweek service Thursday evening. Thursday night, when the last rail was laid at the Pecos river, in Texas. The new line, it is stated, will be opened for through traffic within thirty days. Through tourist trains will be run to California, beginning at once, but the more extended system contemplated will not be put into active operation until next fall. Expensive equipment for this line is now being built at the Pullman shops, near Chicago. The building of the Rock Island-El Paso system, now completed, opens up a new transcontinental system, and when the new Missouri cutoff, between Trenton, Mo., and Belknap, Ia., is completed the Rock Island will have an additional advantage of eighteen miles over competing lines between Chicago and Los Angeles, and will have a short line between Chicago and Kansas City. Vice President Parker stated yesterday that the Rock Island is preparing to enter Kansas City over its own tracks, and that it would use the Bates bridge, recently projected. if completed.

R. E. Smith has been appointed joint agent of the Vandalia and the Erie railferred to Butler. A new agency has been established on the Vandalia at Auburn Junction, and F. J. Bussard, formerly a Big Four man, has been appointed agent. It is stated that the Wabash when it gets into Pittsburg will build a short branch which will reach hundreds of acres of the best coal in that territory, as well works. A survey of the branch is now in progress down the Raccoon creek valley. Passenger traffic of the Toledo, St. Louis & Western has so increased that to-day a new department is established, that of advertising agent, and it will be in charge of W. Although the Chicago Great Western is not represented in this committee it is stated that the new agreement is sanctioned by President Stickney. The chief provision of the agreement allows Ohio line and the Virginia line from Nor- lines to make reduced rates if openly declared to be in effect.

The new branch of the Wabash line, the New Haven and Butler, which will be opened to traffic to-day, is twenty-six miles ong. This new line puts Fort Wayne, Wabash and Huntington on a direct line to Detroft. The new line gives the Wabash the short line by eleven miles between Toledo and Chicago, funning westward over the same tracks used from Montpelier by the Detroit-Chicago division. locomotives now building at the Baldwin locomotive works, in addition to those being built in their own shops. All of its passenger equipment is now going through the shops as fast as possible, and the company will purchase 100 new coaches, twenty-two now being in process of construction at the Wilmington car works. The Rev. W. P. Hines, while traveling over the Norfolk & Western, lost his satchel, which contained 200 sermons. The loss is not disputed, but the railroad company does not value the sermons as high as does the preacher, and a board of arbitration will fix their value. Rev. A. E. Owens, a Baptist preacher, and Rev. H. M.

Hope, a Methodist preacher, have been chosen, and the two are to select a third. Reports of the organization of a new company to be known as the Union Terminal Company, capital \$40,000,000, to build railroad tunnels across Manhattan, from New Jersey to Long Island under Fourteenth and Forty-second streets, New York, have caused another burst of activity in real estate, says the New York World. Counsel for the new company has announced that while no actual purchases have been made, \$11,000,000 worth of property along Fourteen street had been pledged by the owners in the form of "consents, to support the tunnel scheme.

The raw sugar market is ways at De Long, vice C. F. Apt, trans- strong, and as a consequence an advance in refined is locked for. Coffee, in the primary markets, is weak, with a tendency to lower figures. Flour is unchanged, with the situation lacking strength. Beans rule easy at prices quoted, the supply being larger than had been anticipated. Butter, eggs as extensive tile, brick and enameled ware and cheese are firm at quotations. Increased receipts of eggs are reported, but prices are not affected as yet. But few cold storage eggs are in the market. Provisions are firm on most descriptions of hog products. Cerealine products, with the weaker prices to wheat, corn and oats, are easier in tone and are meeting with better sale. With the dry goods houses, the boot and shoe merchants and milliners, it is rather dull, being between seasons; still liberal buying of spring and summer goods for future delivery is in progress.
